

**POLYOXYPROPYLENE/POLYOXYETHYLENE COPOLYMERS
WITH IMPROVED BIOLOGICAL ACTIVITY**

Abstract of the Invention

5 The present invention comprises novel preparations
of polyoxypropylene/polyoxyethylene copolymers which retain
the therapeutic activity of the commercial preparations, but are
substantially free from the undesirable effects which are inherent
10 in the prior art preparations. Because the preparations of
polyoxypropylene/polyoxyethylene copolymers which comprise
the present invention are a less polydisperse population of
molecules than the prior art polyoxypropylene/polyoxyethylene
copolymers, the biological activity of the copolymers is better
15 defined and more predictable.
